NARROWLY ESCAPES DEATH IN BRIDGE CRASH

Collapsing under the weight of a heavily loaded truck and passenger car, the Mary's river bridge, only approach to the city of Corvallis, Ore., crashed to the stream bed. The truck got across safely, but a roadster driven by Bernie Hafenfeld of Oregon State College was caught and crushed by the falling steel. A girder passed within a few inches of Hafenfeld's head, but he escaped serious injury. His roadster is shown under the crumpled wreckage.

CHURCHES

"GO TO CHURCH SUNDAY!"

Church notices, to be assured of publication, should be in the Herald-News office before 10 a. m., Tuesday. Every effort is made to publish them all, but occasionally when they are late it is impossible.

CHURCHES OF CHRIST, SCIENTIST
"Unreality" is the subject of the Lesson-Sermon on Sunday, October 2, in all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. The Golden Text is from Ecclesiastes, "In the multitude of dreams and many words there are also divers vanities: but fear thou God."

Among the Bible citations in the Lesson-Sermon are these words of John: "Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him. For all that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world. And the world passeth away, and the lust thereof: but he that doeth the will of God abideth for ever."

A correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states, "The visible universe and material man are the poor counterparts of the invisible universe and spiritual man."

Old Time Revival Services Begin Sunday Evening

Christian Church Presents Series of "Old Fashioned" Meetings

Beginning next Sunday night, October 2, the Torrance Christian church will conduct a series of "Old-fashioned Religion" services. The series, four in number, will be held on consecutive Sunday evenings beginning at 7:30 o'clock sharp. Speaking of the special meetings, the pastor, Rev. Elder, said: "The expression, 'Old-fashioned Religion,' has a wonderful appeal for many people, particularly those who were converted years ago in a revival held in a country school house or a rural church. Perhaps there is something sacred about those days and ways. And many people have a feeling that the modern church does not ring true to the church of New Testament times in preaching, etc. The series of services has been arranged with these thoughts in mind. The plan to be used is not new. Others have used it with very great effect."

In the first place the plan calls for the church to be lighted by candles. About 100 large white candles will be used, mounted on specially built holders. At no time during the services will electric lights be used.
Members of the choir and ushers will be dressed in the garments of a half-century ago. Even the minister will harken back to that time in his dress.

A very old-fashioned organ will be installed in the place of the piano. All choir and instrumental numbers, solos and hymns will be accompanied by the organ. The songs used in congregational singing will be "lined" by the song leader as in olden times, the audience singing from memory.

The sermon themes selected for the series were very popular with preachers a generation ago. The theme for next Sunday night will be "Sin".
The pastor, Rev. Elder, cordially invites all to attend these unique services.

McKittrick Awarded Contract For Bridge

More direct connection between Torrance and Gardena on one side and North Long Beach and Compton on the other, was assured this week when the board of supervisors prepared to award the contract for a bridge across Compton Creek at Del Amo avenue.
William Hess was low bidder on the proposal calling for redwood, while G. A. Gjebsich was lowest on the proposal calling for the use of fir. Using redwood, the low bid was \$2291, and using fir, \$2275.
Contract for constructing the principal bridge on Del Amo avenue across the Los Angeles river was awarded by the supervisors to E. S. McKittrick, for his low bid of \$42,400. McKittrick also bid on the Compton creek structure, but was several hundred dollars above the bids submitted by Hess and Gjebsich.

HEY, YOU!

Hey, Mister—you can't turn your car around in Torrance's "busy" downtown corner any more! 'Cause it's against the law.
City dads have ordered a "No U Turn Sign" placed at Sartori and Marcella. "Keep to the Right" signs are also to be placed at 213th and Borden.
Maybe if the city dads would turn on a few street lights downtown, we would look like a thriving metropolis. What's the good of all those fifty lamp posts we're paying for, if they keep them dark.

SOCIAL DANCE
LOMITA—A large crowd enjoyed a social dance given by the Knights of Pythias at their hall Monday evening. A card party given by the Veterans of Foreign Wars at their hall on the same evening also drew a large number of guests.
